Market Update

Equity

Ukrainian stocks followed the main European indices lower for a second straight day, as oil prices rose above USD 100 on concerns that political turmoil in Egypt could disrupt stability in the Middle East. The UX index lost 0.9% to close at 855 points. DonbasEnergo (DOEN) saw the largest decline with a fall of 2.4%, volume leader Motor Sich (MSICH) bled off 2.1% to UAH 1907, and Raiffeisen Aval (BAVL) shed 1.6%. Saving the local benchmark from a sharper drop were Avdyivka Coke (AVDK) and Azovstal (AZST), with the former adding 1.0% and the latter closing unchanged. Outside the UX basket, Krukiv Wagon (KVBZ) rose 2.4% to UAH 23.50 on news that the company will get access to Russia's passenger railcar market via a new joint venture with a St. Petersburg factory. In London, Ferrexpo (FXPO LN) continued its see-saw act, sliding 3.7% to back below GBp 135, while in Warsaw, traders responded unenthusiastically to Milkiland's (MLK PW) dividend announcement, pushing the issue down 2.5%.

Fixed Income

Ukrainian sovereign Eurobonds were down on Wednesday. Ukraine-23s dropped by 1.2p.p. closing at 87.1/88.3 (9.6%/9.3%) and Ukraine-17s slid by 1.4p.p. to 90.8/92.1 (9.4%/9.0%). Corporate names were slightly lower. Ukrlandfarming-18s and DTEK-15s declined by 0.2p.p. to 95.0/97.5 (12.3%/11.6%) and 101.0/101.9 (9.0%/8.4%), respectively.

Milkiland to Pay Dividend of EUR 0.08 per Share

by Dmitry Churin d.churin@eavex.com.ua

MILKILAND (MLK PW)

Price: PLN 11.45 Market Cap: EUR 168mn

	EV/S	P/E	EV/EBITDA	Div. Yield
2012	0.6	6.3	4.7	2.9%
2013E	0.5	6.0	4.4	3.3%

NEWS

Milkiland, a diversified dairy producer operating in Russia, Ukraine and Poland, will pay a dividend of EUR 0.08 per share, according to a resolution adopted at the company's annual meeting and published on the Milkiland website on Wednesday (Jul 3). The ex-rights date for the dividend was set for Nov 1 of this year, with the payouts to occur by Nov 15.

COMMENTARY

The dividend should have a marginally positive effect on the Warsaw-listed MLK stock, as the implied dividend yield is a respectable 3.0%. Milkiland's willingness to pay out about 20% of its FY12 bottom line suggests that the company is following the lead of other internationally-listed Ukrainian agro names in moving to return some of its profits to shareholders, a practice that could continue in future years. According to our forecast, Milkiland will increase its net profit by 5% YoY in FY13 to EUR 14.2mn.

Krukiv Wagon Enters JV with Russia's Kirovsky Machinery

by Dmitry Churin d.churin@eavex.com.ua

KRUKIV WAGON (KVBZ UK)

Price: UAH 23.6 Market Cap: USD 331mn

	EV/S	P/E	EV/EBITDA	Div. Yield
2012	0.4	3.5	2.5	14.4%
2013E	0.5	6.8	4.8	7.3%

NEWS

Kremenchuk-based railcar producer Krukiv Wagon is forming a joint venture with the Russian machine-building plant Kirovsky Zavod for production of a wide range of railcars, Interfax reported on Wednesday (Jul 3). The JV will be based on the territory of Kirovsky Zavod in St. Petersburg. Initial investments in the JV this year are planned at RUR 120mn (USD 3.6mn), with investments in 2014-2015 rising to RUR 750mn (USD 22.8mn). The initial stage of the JV will produce subway railcars for the cities of St. Petersburg and Moscow. The JV is expected to produce 100 subway cars and 50 passenger railcars per annum, with the opportunity to double or even triple output in the future.

COMMENTARY

Entering a JV with Russian producers is a logical step for Krukiv Wagon, as domestic demand for high-value-added passenger and subway railcars is limited. Ukrane's state monopoly railway operator UkrZaliznytsya is chronically short of funds for new orders, while the market for passenger railcars in Russia is much larger. Taking into account that one subway railcar sells for about USD 2mn, we estimate the potential revenue of the JV at USD 300mn. However, no details were released on how the future profits of the JV will be split between Krukiv Wagon and Kirovsky Zavod.

Recommendations

July 4, 2013

EAVEX RECOMMENDATIONS

Name	Ticker	Price, USD per share	Target price, USD per share	Upside, %	Rating	Commentary
Steel&Pipes						
Azovstal	AZST	0.08	0.07	-10%	SELL	Non-transparent reporting practices detrimentally affect Azovstal's reported earnings.
Iron Ore						
Ferrexpo	FXPO LN	2.05	3.33	62%	BUY	Operations at Ferrexpo's new Yeristovo Mine should allow the company to increase its iron ore pellet output by 10% YoY to 10.6mn tonnes in 2013, with further growth to 12.0mn tonnes in 2015.
Pivnichny GOK	SGOK	0.99	1.77	79%	BUY	Secure demand for Pivnichny GOK's iron ore products and lucrative pricing allow the company to operate with high profitability (EBITDA margin of not lower than 45% since 2009). Disadvantages of the stock are its low liquidity and no dividend in 2013 for the first time since 2005.
Centralny GOK	CGOK	0.77	1.30	68%	BUY	Centralny GOK operates in the highly profitable iron ore industry; its EBITDA margin has remained above 35% since 2009. Disadvantages of the stock are its low liquidity and no dividend in 2013 for the first time since 2005.
Coke						
Avdyivka Coke	AVDK	0.40	0.76	92%	BUY	AVDK's order book is secure thanks to its integration with Metinvest, Ukraine's largest M&M holding.
Yasynivsky Coke	YASK	0.07	0.42	480%	BUY	Yasynivsky Coke benefits from steady demand for its output both in Ukraine & abroad thanks to the high quality of its coke relative to other domestic producers.
Coal						
Pokrovske Mine	SHCHZ	0.06	0.36	549%	BUY	We expect Pokrovske Mine to double its coking coal extraction to 9.5mn tonnes over 2010-15.
Railcar Manufacturing						
Krukiv Wagon	KVBZ	2.89	6.18	114%	BUY	Having achieving its post-1991 production maximum in 2011, Krukiv Wagon's revenue should rise at a 7% CAGR in 2012-2016E, with the EBITDA and net margins for the period near 15% and 11%, respectively.
LuganskTeplovoz	LTPL	0.20	0.64	228%	BUY	LuganskTeplovoz's incorporation into TransMashHolding should help it to exploit its already-dominant position on the Russian market for diesel locomotives.
Specialized Machinery						
Motor Sich	MSICH	234	644	175%	BUY	Motor Sich should see its sales grow with a 2012-2016E CAGR of 9%, reaching USD 1.2bn. For 2012-2016, we forecast an average EBITDA margin of 35% and a net margin of 28%.
Turboatom	TATM	0.61	1.09	79%	BUY	We model Turboatom's revenue as increasing at 18% CAGR over 2012-2015. Deliveries of hydro and steam turbines to export markets will remain the company's key revenue drivers.
Oil & Gas						
Concern Galnaftogaz	GLNG	0.018	0.030	63%	BUY	Galnaftogaz is pursuing a plan to aggressively expand its filling station network.
Regal Petroleum	RPT	0.27	1.52	470%	BUY	We assume that Regal will be able to produce 5,200 boepd in 2014, generating USD 116mn in sales.
JKX Oil & Gas	JKX	0.8	6.0	619%	BUY	The launch of extraction at JKX's Russian gas field has lifted output, but the company's higher-margin Ukrainian operations continue to lag behind expectations.
Power Utilities						
DonbasEnergo	DOEN	2.65	8.90	236%	BUY	DonbasEnergo is Ukraine's next big-ticket privatization object, with an auction expected to be an- nounced in summer 2013.
CenterEnergo	CEEN	0.58	1.84	218%	BUY	CentrEnergo's privatization has been postponed, but the company retains a strong fundamental value due to its large installed electricity generation capacity.
Consumer						
MHP	MHPC	17.2	24.0	40%	BUY	MHP launched production at Phase 1 of its new Vinnitsya poultry complex in late 2012. This will allow the company to expand its poultry production by some 60,000 tonnes in 2013, up from the current 384,000 tonnes.
Astarta	AST	18.42	30.0	63%	BUY	Astarta's business leans on three pillars: sugar beet cultivation/processing, grain cultivation, and cattle farming. With sugar prices depressed since 2011, a favorable market for grain should continue to drive the company's profitability.
Avangardco	AVGR	8.85	U/R	n/a	U/R	The company ended 1Q13 with a 6% YoY increase in sales thanks to an expansion of the production. Higher operational results failed to compensate for a 8% YoY drop on selling price for eggs further exacerbated by inflated production costs. This led to decline in both EBITDA and net margins by 10p.p. YoY to 45% and 39%, respectively in 1Q13.

Investing in emerging markets' securities may entail certain risks. There may be limited information available on such securities. Securities of emerging markets' companies may be less liquid and their prices more volatile than securities of comparable developed markets' companies. In addition, exchange rate movements may have an adverse effect on the value of an investment.

This document is based on data we deem to be reliable, though we do not guarantee its accuracy or completeness and make no warranties regarding results from its usage. Forecasts are estimates by specialists working for us, and actual events may turn out to be fundamentally different due to unforeseen circumstances. This document is provided for information purposes only.
