Market Update

Equity

Kyiv-listed Ukrainian stocks rallied in the afternoon on Wednesday (Oct 23), with the local equity benchmark reaching its best level since mid-August before the market was hit by that month's Russian-Ukrainian trade standoff. External risk sentiments remain strong, although the S&P 500 and the DAX retreated somewhat from their all-time highs set on Tuesday; the dollar slipped below 1.38 against the euro for the first time in nearly two years on expected continued easy US monetary policy. The UX index picked up 1.6% to close at 878 points. There was strong buying interest in volume leader Raiffeisen Aval, which jumped 5.0% to 9.60 kopecks, while electricity generators CentrEnergo and DonbasEnergo both added about 2% and Motor Sich rose 1.1% to UAH 1622. In London, JKX Oil & Gas edged lower by 1.0% and a late-session selloff pushed Ferrexpo down 4.7% to near GBp 185.

Fixed Income

Ukrainian sovereigns were flat on Wednesday with Ukraine-23s finished unchanged at 88.8/89.8 (9.3%/9.1%). Corporate names were mixed. DTEK-15s advanced by 1.0p.p. to 101.1/101.4 (9.1%/8.8%) while Metinvest-18s declined by 0.3p.p. closing at 92.0/93.2 (11.2%/10.8%).

Avangard to Start Export of Dry Egg Products to Japan in 2014

by Ivan Dzvinka i.dzvinka@eavex.com.ua

AVANGARDCO (AVGR LI)

Price: USD 12.50 Market Cap: USD 798mn

	EV/S	P/E	EV/EBITDA	Div. Yield
2012	1.6	3.5	3.5	0%
2013E	1.5	4.2	4.0	6%

NEWS

Avangard, Ukraine's leading egg producer, plans to start export deliveries of its dry egg products into Japan in 2014, according to Mr. Bakhmatuyk, the majority owner of the company. In 2014, the company will try to export some 100-200 tonnes of egg products into that country.

COMMENTARY

The expansion of the egg products market presence is logical move in light of the company's ambitious plans to expand daily egg processing capacity to 10mn eggs by 2013 yearend which had already been expanded this spring to 6mn eggs from 3mn eggs previously. We also note that processing of eggs into eggs products is more profitable operations vs. sales of shell eggs. Based on 1H13 company's results, operating margin of shell eggs segment of the company was 31% compared to 46% in case of egg products segment over the period.

F&C to Get UAH 500mn in Capital as Eurobond Redemption Looms

by Dmitry Churin d.churin@eavex.com.ua

NEWS

Finance&Credit Bank, which is affiliated with the business group of Ferrexpo owner Constantine Zhevago, will increase its charter capital by UAH 500mn to UAH 2.8bn (USD 345mn) via an additional issue of shares, according to a decision approved at a special shareholder meeting on Tuesday (Oct 22). According to F&C's financial results for 9M13, it earned UAH 4.8mn in net profit and increased its net interest income by 16% YoY to UAH 258mn in the period. On the balance sheet side, the bank's loan portfolio rose by 6.5% YoY to UAH 19.6bn and total assets stood at UAH 24.4bn (USD 3.0bn) as of 1 Oct 2013.

COMMENTARY

The news is definitely positive for holders of Finance&Credit Bank's Eurobonds, which are due to mature three months from now on Jan 25. Finance&Credit-14s are viewed by the market one of Ukraine's highest-risk Eurobond issues, trading at 91.5/93.5 (68.5%/52.4%). The current trading level reflects fears that the bank will try to restructure the issue. The bank's capital adequacy ratio stands at 11.3% and current liquidity is at 74% as of 1 Oct 2013. The NBU-mandated minimum is 10% for capital adequacy and 40% for current liquidity.

Recommendations

October 24, 2013

EAVEX RECOMMENDATIONS

Name	Ticker	Price, per share	Target price, per share	Upside, %	Rating	Commentary
Steel&Pipes						
Azovstal	AZST	0.68	0.56	-18%	SELL	Non-transparent reporting practices detrimentally affect Azovstal's reported earnings.
Iron Ore						
Ferrexpo	FXPO LN	184.7	205.0	11%	BUY	Operations at Ferrexpo's new Yeristovo Mine should allow the company to increase its iron ore pellet output by 10% YoY to 10.6mn tonnes in 2013, with further growth to 12.0mn tonnes in 2015.
Pivnichny GOK	SGOK	8.20	14.5	76%	BUY	Secure demand for Pivnichny GOK's iron ore products and lucrative pricing allow the company to operate with high profitability (EBITDA margin of not lower than 45% since 2009). Disadvantages of the stock are its low liquidity and no dividend in 2013 for the first time since 2005.
Centralny GOK	CGOK	6.10	10.6	74%	BUY	Centralny GOK operates in the highly profitable iron ore industry; its EBITDA margin has remained above 35% since 2009. Disadvantages of the stock are its low liquidity and no dividend in 2013 for the first time since 2005.
Coke						
Avdyivka Coke	AVDK	3.25	6.2	92%	BUY	AVDK's order book is secure thanks to its integration with Metinvest, Ukraine's largest M&M holding.
Yasynivsky Coke	YASK	0.59	3.4	481%	BUY	Yasynivsky Coke benefits from steady demand for its output both in Ukraine & abroad thanks to the high quality of its coke relative to other domestic producers.
Coal						
Pokrovske Mine	SHCHZ	0.45	2.9	554%	BUY	We expect Pokrovske Mine to double its coking coal extraction to 9.5mn tonnes over 2010-15.
Railcar Manufacturing						
Krukiv Wagon	KVBZ	17.6	50.5	187%	BUY	Having achieving its post-1991 production maximum in 2011, Krukiv Wagon's revenue should rise at a 7% CAGR in 2012-2016E, with the EBITDA and net margins for the period near 15% and 11%, respectively.
LuganskTeplovoz	LTPL	1.59	5.2	229%	BUY	LuganskTeplovoz's incorporation into TransMashHolding should help it to exploit its already-dominant position on the Russian market for diesel locomotives.
Specialized Machinery						
Motor Sich	MSICH	1622	5250	224%	BUY	Motor Sich should see its sales grow with a 2012-2016E CAGR of 9% , reaching USD 1.2bn. For 2012-2016, we forecast an average EBITDA margin of 35% and a net margin of 28% .
Turboatom	TATM	5.00	8.9	78%	BUY	We model Turboatom's revenue as increasing at 18% CAGR over 2012-2015. Deliveries of hydro and steam turbines to export markets will remain the company's key revenue drivers.
Oil & Gas						
Concern Galnaftogaz	GLNG	0.15	0.24	60%	BUY	Galnaftogaz is pursuing a plan to aggressively expand its filling station network.
Regal Petroleum	RPT	15.8	42.0	167%	BUY	We assume that Regal will be able to produce 5,200 boepd in 2014, generating USD 116mn in sales.
JKX Oil & Gas	JKX	71.0	370	421%	BUY	The launch of extraction at JKX's Russian gas field has lifted output, but the company's higher-margin Ukrainian operations continue to lag behind expectations.
Power Utilities						
DonbasEnergo	DOEN	24.3	72.0	196%	BUY	DonbasEnergo is Ukraine's next big-ticket privatization object, with an auction expected to be announced in summer 2013.
CenterEnergo	CEEN	5.17	15.00	190%	BUY	CentrEnergo's privatization has been postponed, but the company retains a strong fundamental value due to its large installed electricity generation capacity.
Consumer						
МНР	MHPC	15.8	22.10	40%	BUY	MHP is well on track with ramping up its poultry production at launched in late 2012 greenfield Vinnytsia complex with annual capacity of 220,000 tonnes. We think MHP will be able to expand its output by 50% over 2012-15 to 600,000 tonnes of poultry with the lion's share of incremental volume to be exported.
Astarta	AST	70.7	90.0	27%	BUY	Astarta's business leans on three pillars: sugar beet cultivation/processing, grain cultivation, and cattle farming. With sugar prices depressed since 2011, a favorable market for grain should continue to drive the company's profitability.
Avangardco	AVGR	12.5	U/R	n/a	U/R	The company ended 1Q13 with a 6% YoY increase in sales thanks to an expansion of the production. Higher operational results failed to compensate for a 8% YoY drop on selling price for eggs further exacerbated by inflated production costs. This led to decline in both EBITDA and net margins by 10p.p. YoY to 45% and 39%, respectively in 1Q13.

Investing in emerging markets' securities may entail certain risks. There may be limited information available on such securities. Securities of emerging markets' companies may be less liquid and their prices more volatile than securities of comparable developed markets' companies. In addition, exchange rate movements may have an adverse effect on the value of an investment.

This document is based on data we deem to be reliable, though we do not guarantee its accuracy or completeness and make no warranties regarding results from its usage. Forecasts are estimates by specialists working for us, and actual events may turn out to be fundamentally different due to unforeseen circumstances. This document is provided for information purposes only.
