Media Mogul Lozhkin Named to Head Poroshenko Administration

by Will Ritter w.ritter@eavex.com.ua

NEWS

President Poroshenko has named former UMH Media majority owner Boris Lozhkin, 42, to head his administration, local outlets reported on Tuesday (Jun 10). Poroshenko had previously been a partner with Lozhkin in some of the group's print publications, including the leading national newsweekly Korrespondent. Lozhkin sold his media business last year to now-exiled oligarch Serhiy Kurchenko. Other top appointments, including a new foreign minister, defense minister, general prosecutor, and (possibly) security service chief, are expected from Poroshenko in the coming days.

COMMENTARY

Lozhkin, a figure not generally associated with the EuroMaidan movement, reportedly beat out prominent but often-controversial political activist Yuriy Lutsenko for the top job in the new administration. Under the February constitutional amendments, the President has a limited but important quota for appointing Cabinet ministers and agency heads, and the most immediate task for Poroshenko is the naming of a permanent defense minister.

Although Anatoliy Hrytsenko, who held the job under President Yuschenko, is considered a top candidate, we believe that Hrytsenko's prickly relations with Prime Minister Arseniy Yatseniuk, as well as his status as an independent political player (he came fourth in the recent presidential election), are likely to rule him out. Poroshenko has already said that he wants Yatseniuk to continue as PM. However, we would expect Poroshenko to make changes at the Foreign Ministry and the General Prosecutor's office (currently held by the Freedom Party's Oleg Makhnitsky), and also possibly the Security Service, to install figures with whom he has closer relations.

ING Expands Its Holding in Kernel from 4.9% to 6.0%

by Ivan Dzvinka i.dzvinka@eavex.com.ua

KERNEL (KER PW)

Price: PLN 34.0 Market Cap: USD 894mn

| | EV/S | P/E | EV/EBITDA | Div. Yield |
|-------|------|------|-----------|------------|
| FY13 | 0.6 | 8.5 | 5.5 | 0% |
| FY14E | 0.6 | 19.0 | 9.1 | 2% |

NEWS

Kernel, Ukraine's largest sunflower oil producer, reported on Wednesday (Jun 11) that ING Bank's Polish pension fund subsidiary (ING OFE) expanded its holding of the company's stock by 875,000 shares, to 4.79mn shares last week (Jun 4). As a result, ING OFE now owns 6.01% of Kernel's outstanding shares, up from 4.91% beforehand.

COMMENTARY

We have no information about the per-share price paid by ING or whether the deal was done over the counter, but given the average trading level of the KER stock in Warsaw on Jun 4, the acquisition could be valued at USD 8.8mn. The expansion of a long minority position in Kernel's stock by a top investor such as ING confirms our view about the stock being heavily undervalued; we expect improved farming segment results to play the role of a short-term catalyst to push the issue higher.
